About Us

LGK Agrotech LLP is a start-up manufacturing hub based in West Bengal and it ventures into many business verticals like hatchery, dairy products, organic eggs, exporting fish and organic paint in the name of Khadi India Prakritik Paint.

Khadi India Prakritik Paint is a pioneering organic paint brand committed to revolutionizing the coatings industry with environmentally friendly solutions. Specializing in organic and sustainable paint formulations, LGK Agrotech LLP takes pride in its commitment to both innovation and ecological responsibility.

In addition to their commitment to sustainability, Khadi India Prakritik Paint offers a diverse range of vibrant and durable organic paint options, catering to various design preferences and applications. Whether for residential, commercial, or industrial purposes, customers can trust that Khadi India Prakritik Paint delivers both performance and environmental consciousness.

Vision & Mission

Vision:

To cultivate a world where sustainable and organic products manufacturing practices are embraced, fostering a harmonious coexistence between agriculture and nature. Our vision is a future where communities thrive on the bounty of naturally grown produce, promoting health, biodiversity, and environmental stewardship.

Mission :

At LGK Agrotech, our mission is to champion the adoption of organic products manufacturing practices nationwide. We are committed to cultivating nutrient-rich, chemical-free fish, eggs, paints, and dairy products while preserving the integrity of the land. Our mission is rooted in the belief that organic products manufacturing is not just a method, it's a commitment to the well-being of our planet and all its inhabitants.

4E's of Success

- Economical Paint for End Users
- Efficient Manufacturing Process
- Enduring Colors Guarantee
- Eco-friendly for both Home & the Planet

FOUNDER'S MESSAGE

It is with great joy and a profound sense of purpose that I extend my heartfelt greetings to each member of our growing family. As the founder of LGK Agrotech LLP, I am honoured to share our collective journey towards creating a sustainable and organic future.

Our story began with a simple yet powerful belief- that the way we manufacture of our products profoundly shapes the health of our bodies, the resilience of our environment, and the vibrancy of our communities. Our journey is guided by a deep respect for the soil, a commitment to biodiversity, and an unwavering belief in the power of sustainable practices.

We seek not just to grow food and paint but to cultivate a movement-one that nurtures both the land and the communities it sustains. Our commitment to organic paint manufacturing is not just a choice, it's a pledge to coexist with the earth, to honor the sanctity of every harvest, and to build a legacy of abundance.

Shri Sridhar Banerjee
Founder & Chairman

REASONS TO CHOOSE OUR ORGANIC PAINT

OUR EXPERTISE

- **State-of-the-Art Manufacturing Facilities:**
Our state-of-the-art manufacturing facilities often contribute to increased efficiency, quality, and innovation in the production process.
- **Sourcing High-Quality Raw Materials:**
Our emphasis on sourcing high-quality raw materials is crucial for ensuring the quality and integrity of our final products. Using premium inputs contributes to the overall excellence of our offerings.
- **Trained & Skilled Workforce:**
Our trained and skilled workforce is a valuable asset for our organization. Our skilled employees contribute to the efficiency of operations, product quality, and the overall success of the business.
- **Excellent Production Capacity:**
We have excellent production capacity for meeting market demand, scaling operations, and responding to business growth. It reflects our ability to handle large volumes without compromising quality.
- **Excellent Quality Control & Warehousing:**
Our well-equipped quality control is ensuring our customers for maintaining consistency in product quality. Additionally, our efficient warehousing ensures that products are stored safely and can be readily available for distribution.
- **Prompt Supply Chain & Logistics:**
Our prompt and well-managed supply chain and logistics system contribute to timely deliveries, reducing lead times and enhancing customer satisfaction. It reflects a commitment to reliability and efficiency in the distribution process
